Work Experience

Web Designer and Front End Web Developer

- Oxford University, Department for Continuing Education
- Oxford, United Kingdom
- June 2020 – current

In this position my main focus is the design of user interfaces, interactive page elements and media assets for our online university courses. I am also responsible for front end development, especially in terms of the interactive modules I create.

Adobe suit (Illustrator, Photoshop, XD), HTML, CSS (Sass), JavaScript

Data Analyst

- WSP
- Manchester, United Kingdom
- January 2017 – May 2020

As part of the GIS (Geographical Information Systems) team my job was about analysing and visualising spatial data for large-scale infrastructure projects.

Python, SQL, GIS
